Have you ever wondered what it would be like to do good for other families while you do good for yourself and your family? Have you ever wondered what it would be like to lay your head on your pillow at night knowing you have made the world a better place? Have you ever wondered if there is more to your working life than just showing up and working? Have you ever wondered what it's like to work in a position that pays you for your successful efforts, with no limit?

Have you ever wondered?

Have you?

Circumstances that may lead someone to consider a change of career:

- Wants or needs a higher income than current job can provide
- Is tired of traveling and being away from home
- Can't advance further in a family firm because he is not a family member
- Lack of challenging work in his current position
- No control over his future with current company
- Has risen as high as he can go, but has even higher aspirations
- Has been downsized through no fault of his own
